BA in Mission & Ministry

Cliff College has been delivering innovative and inspiring part-time courses in Mission and Ministry for more than 15 years. We offer a suite of six certificate courses in Children, Youth, Third Age, Creative Arts, Family and Sport, all delivered in week-long teaching blocks over two years. The programme looks to enhance your ministry and vocation, and equip you to work in and for a variety of ages and contexts. The courses are validated by The University of Manchester.

BA in Theology

A full-time, three-year programme, giving students an opportunity to study a wide variety of subject options towards a University of Manchester degree, whilst exploring issues of mission and personal discipleship. Units focus on key aspects of the Christian life: Biblical Studies, Theology, Evangelism, Mission and Ministry, and there is a strong community life on site to support study.

MA in Mission

This highly-flexible programme can be studied over one to five years. During that time, the student completes four teaching units and then progresses to a dissertation in their final year. Validated by The University of Manchester, the MA programme has a wide variety of unit options to choose from. All units are taught in week-long, intensive teaching blocks, enabling students from across the British Isles, Europe and further to participate, while remaining in employment.

Research Programme

Cliff College has a successful and growing research degree programme, validated by The University of Manchester, with students working at both MPhil and PhD levels, part-time and full-time, in the UK and overseas. Our PhD in Missiology is an increasingly popular course, with a part-taught/part-research aspect to it.

Summer School

A week long experience of learning, fellowship, prayer and worship with a variety of teaching streams to choose from including Mission, Worship, Ministry, Discipleship, Theology and Bible. Something for everyone!

Short Courses

Cliff College offers a variety of short courses through its expanding Short Courses programme. The day, weekend, three-day training and five-day Cliff College Certificates are all open to anyone, whether you are currently a student or not. These are designed for a variety of reasons - inspiration, retreat, reflection, new learning. There is something there for you!

Festival

Festival is a four-day, Friday-to-Monday event, focused around the Christian story. Next year our theme is 'Grace'. Our vision is to introduce people to the loving God as encountered in the biblical story of Jesus Christ, as well as to encourage and equip the church for loving and serving God more effectively. Along the way, there are workshops and seminars, worship and prayers, meetings and get-togethers. Next year's dates are: 26-29 May 2017. For more information contact: festival@cliffcollege.ac.uk
